and wish you a Merry Christmas!

DECEMBER 2025

Abutilon x hybridum 'Boule de Neige'
Clive's Comments

Christmas is here again and the community takes on a positive mood. Except for a small minority of naysayers who seem to hate everything good, the majority of us will be getting ready for a couple of weeks of fun. From the annual work party to the Boxing Day feast of leftovers and sport these times are full of good cheer and well wishes.

It is also the season to be positive. Santa will be here soon and he will be quickly followed (and for some of us preceded) by masses of delicious food and drink. However the best part for most of us is the sheer joy that the young ones have at Christmas. We all have our own memories of the excitement of waiting to open the presents and that pleasure never dies. The number of presents gets less but the fun of pulling of the wrapping paper doesn't.

Straight after the Christmas festivities are over we move into the New Year. A time to look forward and plan for a successful year. Of course some of us trot out the annual New Year resolutions to eat less, drink less, exercise more, be nice to all, give up smoking and a few other favourites. In general we know they won't be kept too long but we do try.

At least this year there seems to be more Councils not banning Christian festivities and allowing us to say Merry Christmas and not just Happy Holidays etc. Public Christmas decorations are already out and the shopping centres are all bright and cheerful. We are now talking to the kids in "number of sleeps until Santa comes" and they are counting the days down...

Clive's Comments continued...

....The Advent calendars are out as we tick over the dates. Scouts have their Christmas Trees ready on the road sides and of course we have the perennial debate of when to put up and pull down the Christmas tree and decorations.

For many of us there is some sadness because we will have lost someone dear to us since last Christmas and their absence will be noted and they will be missed. As sad as this is it is part of living and as we get older it will happen to more people who are close to us. The best medicine for this is to remember the good times you had and the Christmases past. We can be sure that is what they would want us to do.

I have always enjoyed the feasting. As a I loved the ham and pork and turkey with all the veggies. All followed up with rich plum pudding, custard and vanilla ice cream. Of course back then we had the pure silver sixpence pieces that were put in the pudding prior to cooking. As an adult I loved the chance to cook for 20 plus people with a mix of the traditional fair and modern Australian options. Some years I would be on top of it and make my puddings ion August and let them sit in the pantry until Christmas Day. This year I haven't been and will only have a few of us for the lunch.

Boxing Day is also good as we pick through the ham and have some poached eggs for breakfast and left overs for lunch. We sit done at 10.30 am to watch the start of the test and at 1.00pm switch over and watch the start of the Sydney to Hobart yacht race.

So I say to everyone, enjoy the next month or so. Spend time with those that are dear to you, remember those you have lost and indulge in feeling good about life. Give where appropriate, receive where appropriate and wish everyone you meet "Merry Christmas". Let all of us enjoy Christmas New Year period and plan for a fantastic 2026.

All of us here at Larkman Nurseries wish all of you, your families and staff the best of the best in the festivities that are Christmas and the New Year.

Clive Larkman

Do you want or need to import live plants?

If so, you may need to use a Post Entry Quarantine facility (PEQ)

- We have a PEQ facility with ability to handle the majority of plants
- Deflask tissue culture in PEQ or in regular nursery conditions
- Advise on packing and handling to minimise risk to plant health
- Assist in obtaining import permits
- Organise fumigation and insecticidal dips
- Will collect from airport
- Ship Australia wide once cleared PEQ (WA restrictions for new varieties may apply.)
- Pot on into larger pots post PEQ
- Bulk up stock post PEQ
- 30 years experience in plant importation
- 35 years experience in plant growing
- Handle one plant to several thousand.
- Fully licensed with Biosecurity and Bordel Control
